Shared Service Center for Development and Update of Core Data Sheets

UK-based Global Consumer Health Company

Business Need

- A UK-based consumer health company was in an immediate need to create core data sheets as well as clinical and non-clinical overviews of 4 brands across 12 therapeutic areas.

Our Solution

- Indegene deployed a team of medical writers and regulatory experts within 2 weeks and completed creating the CDSs.
- Indegene is now setting up a dedicated team to manage CDS updates and local adaptations.

Outcome

The team developed and authored CDS and clinical/non-clinical overviews within 12 weeks. This engagement has been expanded to providing authoring support for all CDS and label updates.
