Summary Medical Documents Authoring Center

Top 3 Global Pharma

Business Need

- The company desired to enhance outsourcing strategy with primary goals of:
 - Increasing productivity
 - Driving quality
 - Enhancing cost effectiveness
- Pilot venture, for a period of 6 months, to author and update summary medical documents .

Our Solution

- Deployed a hybrid model for this collaboration—Regulatory liaison-based onshore office liaising with the client team for planning and strategizing.
- The operational team consisted of:
- 1 medical reviewer
 - 4 scientific writers,
 - 1 editor

Outcome

Engagement successfully transitioned into a steady state within 6 months, with volumes of more than 200 documents to be authored/updated in the next year. This engagement opened up newer work streams—Asia Labeling Hub and Artwork and Labeling Implementation in 2 months, and Aggregate Report and Core to Local Label Alignment project within a year.
