Shared Service Center for Development and Update of Core Data Sheets

UK business of one of the top 3 Global Pharma Company

Business Need

- Create core data sheets as well as clinical and non-clinical overviews of 4 brands across 12 therapeutic areas.

Our Solution

- Deployed a team of medical writers and regulatory experts in a span of less than 2 weeks and completed all the CDSs.
- Indegene is now setting up a dedicated team to manage the updates of all CDSs and local adaptations.

Outcome

The team developed and authored CDS and clinical/non-clinical overviews within 12 weeks, engagement is expanded to provide authoring support for all CDS and label updates.
