# Alignment of Local Label with Master Label

## US-based Top 3 Global Pharma

### *Business Need*

- Alignment of local labels with master/reference labels.

### *Our Solution*

- Deployed a team of label and medical reviewers to identify the medically significant deviations and draw up a comparison table, suggest updates to local labels, and evaluate.
- Developed more than 1000 comparison tables in 6 months.

### *Outcome*

The project was completed within the target timeline. The engagement is in its second phase, covering additional therapeutic areas and regions.
