

Signal Detection and Analysis

End-to-end Solution for Signal Detection and
Risk Management for Top 5 Global Specialty
Biopharmaceutical Company

End-to-end Solution for Signal Detection and Risk Management

Specialty Biopharmaceutical Company

Business Need

- The company was looking for a partner to provide an integrated solution for its signal detection and evaluation needs in a single therapy area.

Our Solution

- Indegene and DrugLogic partnered to provide a solution that combined risk advisory services with a technology platform to carry out statistical analysis on safety data and clinical interpretive services.

Outcome

Discussions are ongoing for expansion of services to other therapy area.
